Education

University of Southern California, **Viterbi School of Engineering** **August 2023 - May 2027**
Bachelor's of Science in Computer Science Games **GPA: 3.43**
Minor in Technical Game Art

Skills

Software Programming: C++, C#, Java, HTML, MySQL, Unity, Unreal Engine, Github, Perforce
Technical Art: Autodesk Maya; 3D modelling, animation, UV mapping

Relevant Coursework

- Data Structures & Object-Oriented Programming
- Advanced Gameplay Programming
- Principles of Software Development
- Introduction to Algorithms and the Theory of Computing
- Programming Game Engines
- Advanced Game Production

Projects

Minigame Programmer, Advanced Games Project - *Cat Counselor* **8-27 - Present**
USC Games

- Collaborate closely with game designers to implement therapy-style minigames in Unity Engine
- Iterate game designs when necessary, implement changes in Unity
- Utilize and assist with Perforce version control

Prop Artist, Advanced Games Project - *The Unrealtor* **1/15 - 5/5**
USC Games

- Utilize Autodesk Maya software to model and texture major props for game progression
- Communicate with director, producer, and lead designers to create up-to-spec props that appear in-game
- Assist with game playtesting and taking note of major gameplay bugs or design decisions to iterate on

Gameplay Programmer, Course Project - *Untitled Color Puzzle Game* **9/10 - 12/15**
Intermediate Game Production

- Lead gameplay programming and conceptualization for 2D puzzle game using Unity game engine as one of two producers
- Create and iterate game systems and controls in C# for optimal gameplay experience
- Lead playtests using telemetry to receive feedback and improve game systems
- Coordinate meetings with Berklee School of Music students to lead sound direction

Work Experience

DEN@Viterbi Student Worker **August 2025 - Present**

- Operate cameras to provide high quality recordings for remote Viterbi graduate students
- Communicate with other camera operators as network control to ensure high quality video and audio recordings
